NEWSLETTER

JANUARY 2026

## *Celebrating our 14th year!*

This year marks 14 years of service, growth, and impact for Kewa Pueblo Health Corporation. KPHC has been a trusted partner in the health and wellness of the Kewa Pueblo community. KPHC has remained focused on delivering patient-centered, culturally responsive care while evolving to meet the changing needs of the community. From prevention and wellness initiatives to comprehensive clinical services, each milestone reflects the strength of collaboration between staff, leadership, and community members. As we celebrate this milestone, we honor the vision, the dedication of our staff, and the resilience of our community. Looking ahead with pride, purpose, and a renewed commitment to healthy people, a healthy community, and healthy lifestyles.

# CHILDHOOD VACCINES

On January 5, 2026, the CDC changed some national vaccine recommendations for children. Some vaccines are now recommended only for certain high-risk children.

In New Mexico, vaccines are still recommended for all age-eligible children by the NM Department of Health and pediatric experts. These vaccines are safe, effective, and still covered by insurance.

If you have questions, you can reach out to KPHC or your child's healthcare provider.

**HERE'S A LINK TO NEW MEXICO'S RECOMMENDATIONS:**

**GET VACCINATED  
FLU IS ON THE RISE  
PROTECT OUR COMMUNITY  
COVID AND FLU SHOTS AVAILABLE  
AT THE SANTO DOMINGO HEALTH CENTER**

**PLEASE LET US KNOW IF YOU WOULD LIKE TO RECEIVE  
YOUR VACCINES DURING YOUR NEXT VISIT**

The flu vaccine is safe. Side effects from flu vaccination are generally mild, especially when compared to symptoms of flu.

It is recommended that everyone 6 months of age and older should get a flu vaccine every year. Flu vaccination can reduce flu illnesses, doctors' visits, and missed work and school due to flu, as well as prevent serious flu complications. Remember the flu vaccine not only protects you, but it also can help protect those around you.
