## Join Us in Celebrating Dr. Charlie

After years of dedicated service as our Chief Medical Officer, Dr. Charlie will be continuing his journey in healthcare with a new opportunity.

While this is not goodbye, it is a moment to recognize his leadership, commitment, and the care he has provided to our community.

Please join us as we celebrate his contributions and wish him continued success.

# EXHIBITION OF THE MIND THROUGH ART

## MAR 12TH

## Santo Domingo Middle School Career Day!

Students attending SDMS career day got a unique look into the world of psychology by creating their own Rorschach test, or most commonly known as an ink blot test with KPHC's Behavioral Health department.

During the session, students shared their interpretations and learned about having different perspective's. The exercise gave students a fun and interactive introduction to behavior health careers, while highlighting the importance of listening, observation, and understanding different perspectives in the field.

KPHC therapists:  
Espoir Wagner-Hiester  
Melina Piotrowski

# In Memory of Dr. Bernstein

Dr. Robert Bernstein (1945-2026), 80, passed away following a cardiac event while heading out for a day of skiing in his beloved New Mexico mountains.

A dedicated healer, Rob was still practicing medicine at the Santo Domingo Pueblo Clinic at the time of his passing. Throughout his long career, he found immense joy in serving his patients and colleagues, always ready to offer help to anyone in need.

Rob lived with immense zest, traveling the world, hiking the Himalayas, and studying Vedanta. He was a devoted husband to Kasha, a proud father to Molly and Nina, and an adored grandfather to four. He cherished his extended family, his "men's group," and a lifetime of deep friendships.
